

*District of Katepwa – What Matters to You in Your Community Questionnaire*

The **Council** for the **Resort Village of District of Katepwa** wants to ensure our District remains a sustainable community which meets the needs of both its current and future residents. In addition, we want to know more about ourselves in order to collectively plan for the future within the District. As such, we have engaged the services of a professional land use planner to undertake a study of the District with the objective to update our Official Community Plan, suggest progressive amendments to our Zoning Bylaw and to consider our options for future planning and development management.
