

Lagoon Levi

- Spoke with Chris Faubert and Glen Owens in RM of Indian Head. They are happy to pay the \$150.00 per year. Haven't spoken with other two land owners, but letters have been delivered to their homes.
- Spoke with Eugene Kitchen at the condos in RM of Abernethy. They are willing to pay either \$150.00 per year or \$25.00 per pump out.
- Do we need to a motion to approve that the rate for the remainder of this calendar year be \$100.00 as we are already one third through the calendar year?

Hiring Assistant in the Office

- Interviewed three highly impressive and qualified individuals. Chose Denise Carr who has a great deal of experience managing office business, and is motivated to learn the job.
- We are expecting to have Denise take courses toward her certificate in municipal governance. How is council with paying her tuition? Do we stipulate that for every class we pay for, she owes us commitment in time? We need a motion for this.
